RE: Finance and Economic Development Committee
Strategic Issue/Work Plan

At your 11/3/00 Council Advance, the City Council reviewed citywide strategic issues and considered lists of possible work items for each of the Council Committees for the next biennial budget period. These work items were referred to each of the Council Committees for further consideration.

Attached are the proposed goals and work activities for the Finance and Economic Development Committee for the next budget period. We are bringing back the work plan to the entire Council for review, input and any further consideration. Upon approval by the Council, it will reflect the work plan for the Committee during the next two fiscal years.
